The soul is informed with knowledge. In it burns the flame of love ... Non-violence is the supreme dharma...

‘I have no hesitation in declaring that if the principle that the Indian Muslims is entitled to full and free development on the lines of his own culture and tradition in his own Indian homelands is recognized as the basis of a permanent communal settlement, he will be ready to stake his all for the freedom of India. The principle that each group is entitled to free development on its own lines is not inspired by any feeling of narrow communalism ... A community which is inspired by feelings of ill-will towards other communities is low and ignoble. I entertain the highest respect for the customs, laws, religions and social institutions of other communities. Nay, it is my duty according to the teachings of the Quran, even to defend their places of worship, if need be. Yet I love the communal group which is the source of life and behaviour and which has formed me what I am by giving me its religion, its literature, its thought, its culture and thereby its whole past as a living operative factor in my present consciousness.
