

# GARBAGE IN AND GARBAGE OUT

## Chapter 17

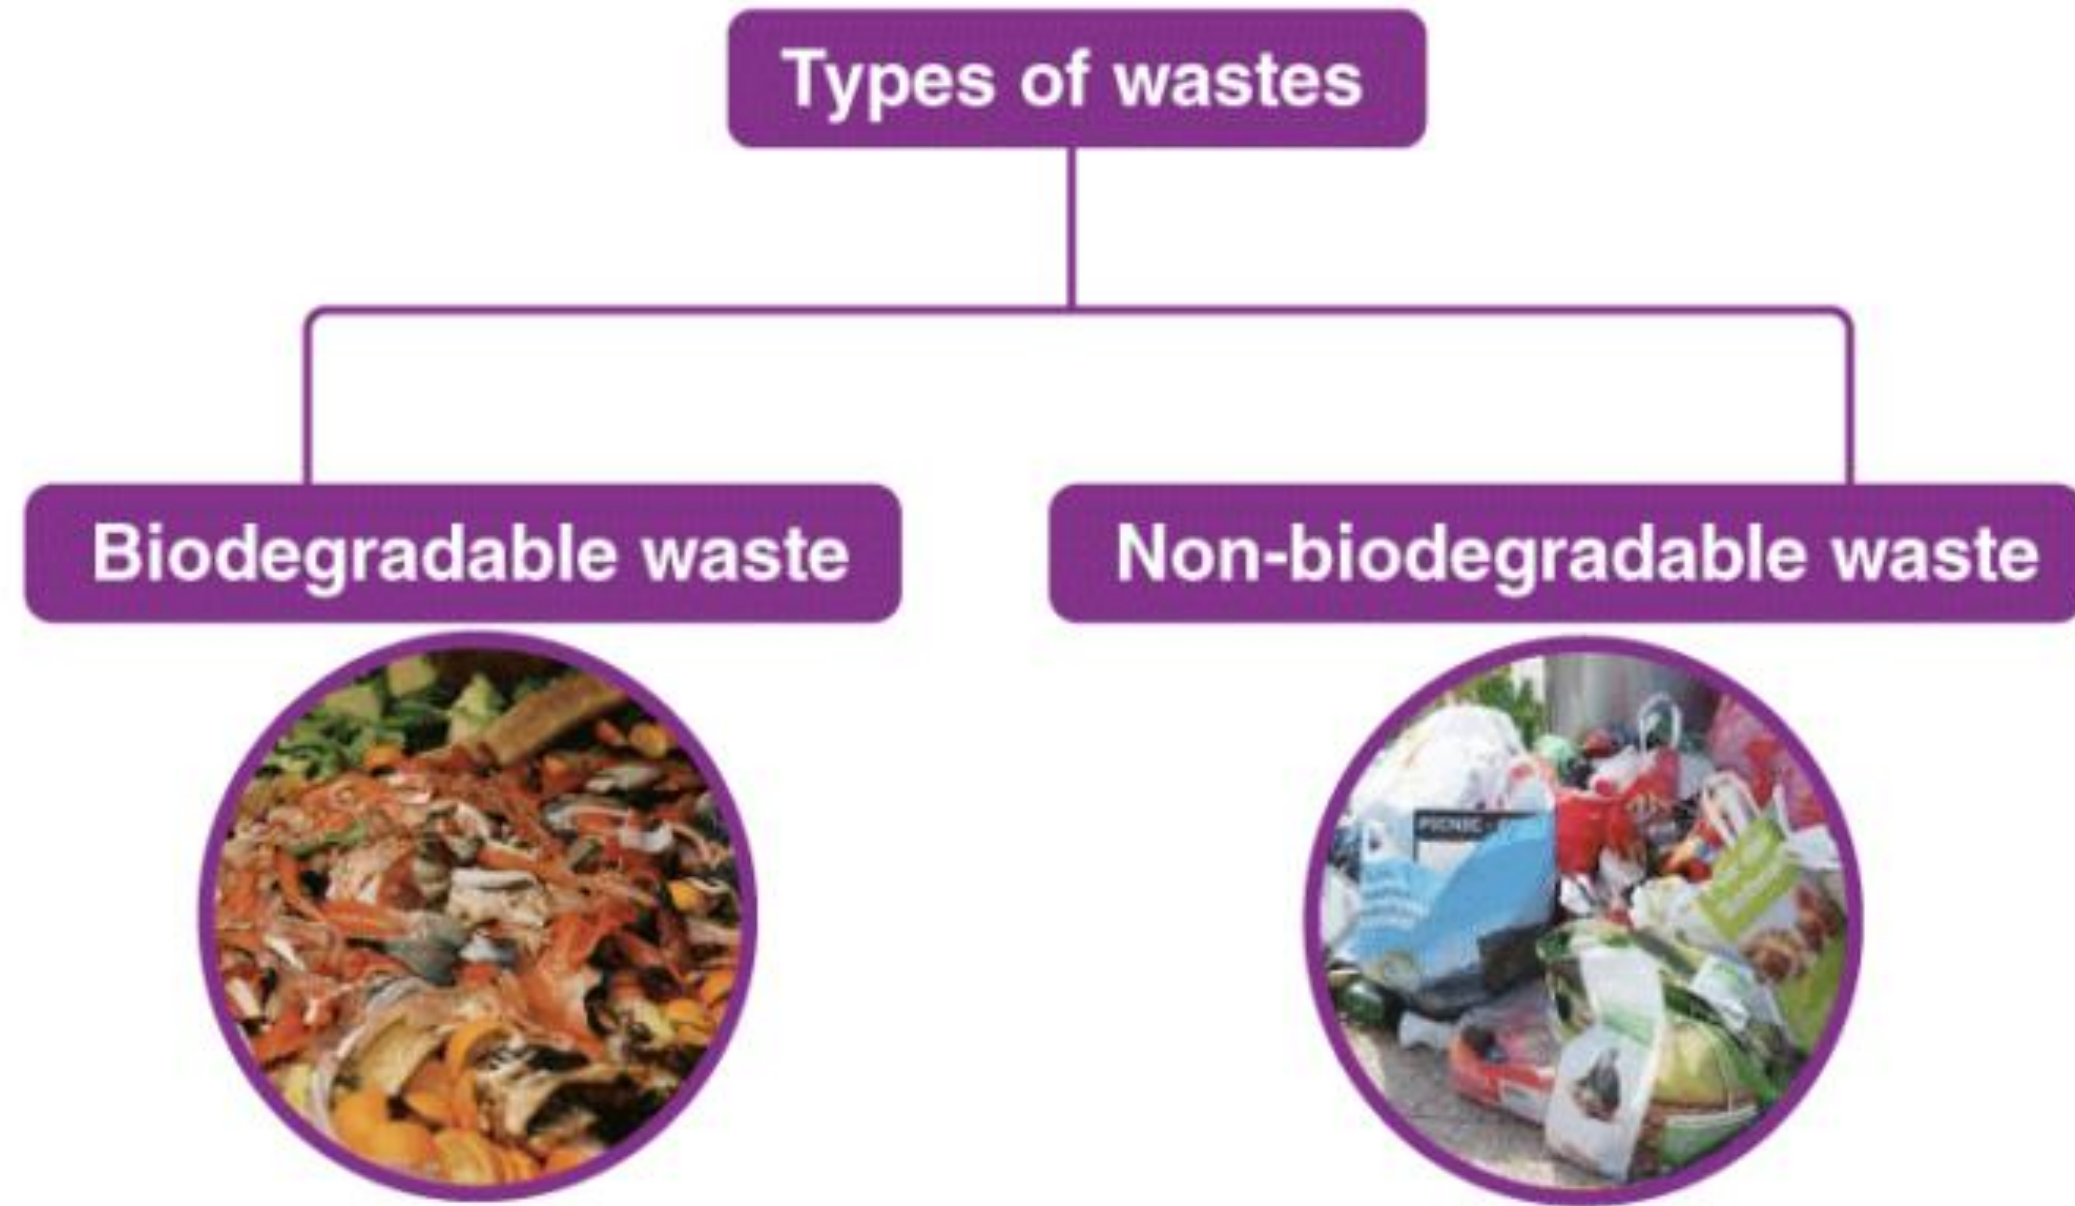

## Discussion ..

- Rekha is a house wife. Rekha lived in a small village near Madurai, for their children education their family shifted to Madurai town. One morning Rekha came out of her house to dispose her household waste to the garbage collector. The garbage collector asked her to separate the garbages before disposing them to the bins, she did not under, why she need to separate the waste and how she need to segregate them. Then she questioned the garbage collector about the separation.....
