Maya's Toy Shelf Adventure

Story:

Maya has a toy shelf with numbered boxes from 1 to 20. Each box contains a different toy. One day, the boxes got mixed up after Maya played with them. She wants to arrange them again.

She picked 5 boxes with the following numbers on them:

17, 3, 10, 6, 15

Questions:

1. ● **Help Maya arrange the box numbers in ascending order (smallest to biggest).**
➤ _____
2. ● **Now help Maya arrange the box numbers in descending order (biggest to smallest).**
➤ _____
3. ● **Which is the smallest number among the boxes?**
➤ _____
4. ● **Which is the largest number among the boxes?**
➤ _____
