

SNS COLLEGE OF PHARMACY AND HEALTH SCIENCES

SNS Kalvi Nagar, Sathy Road, Saravanampatti Post, Coimbatore -641035

B.Pharm I semester Pharmaceutical Analysis

Unit V:

Define conductance

Define resistance

Write the types of conductometric titration

Write the application of conductometric titration

Define reference electrode with examples

Define indicator electrode with examples

Define Limiting current

Define residual current

Define migration current

Define diffusion current

Write the Ilkovic equation

What is minima suppressor

Why do we use potassium chloride in polarography

Write the application of polarography

What is the reference and indicator electrode is used in polarographic analysis
