

fmm puzzle

Across

6. contact between gas and liquid
8. system approach for fluids
9. whose viscosity directly proportional to temperature
10. control volume approach for fluids
12. Capillarity rise
13. Non-Newtonian fluid

Down

1. law governs the pressure distribution
2. capillarity fall
3. simple device used for measuring the pressure
4. fluid with no viscosity
5. device used for measuring the pressure
7. whose viscosity indirectly proportional to temperature
11. Viscosity law given by
