

Guidelines for Value Education

For any input to qualify for Value Education, the following guidelines for the content of the course are important:

Universal: It has to be universally applicable to all human beings for all time and all places. This implies

that values should not change according to sect, creed, nationality, gender, etc.

Rational: It has to appeal to reasoning; and not be based on dogmas or blind beliefs. It has to be open

to address the related questions. It cannot be a set of sermons or do's and don'ts.

Natural and Verifiable: It has to be 'naturally acceptable' to the human being and there needs to be every

provision in nature for its fulfillment. It needs to be experientially verifiable, and not based on dogmas,

beliefs or assumptions. It is not merely an intellectual exercise or information transfer.

All Encompassing: It needs to cover all dimensions (thought, behaviour, work and understanding) and

levels (individual, family, society and nature/existence) of human life.

Leading to Harmony: It ultimately needs to promote harmony within the individual, among human beings and with the entire nature.
