Guess the Topic!!!

Recommendation Technique

Recap

- Reason to study Ensemble Technique
- Ensemble Technique
- Ensemble Technique – types
- Bootstrap Algorithm
- Boosting Algorithm
- Stacking Algorithm

Discussion about....

Reason to study Recommendation System

- Recommendation System & type
- Collaborative vs Content based
- Architecture
- Example

Reason to study Recommendation System in Machine Learning

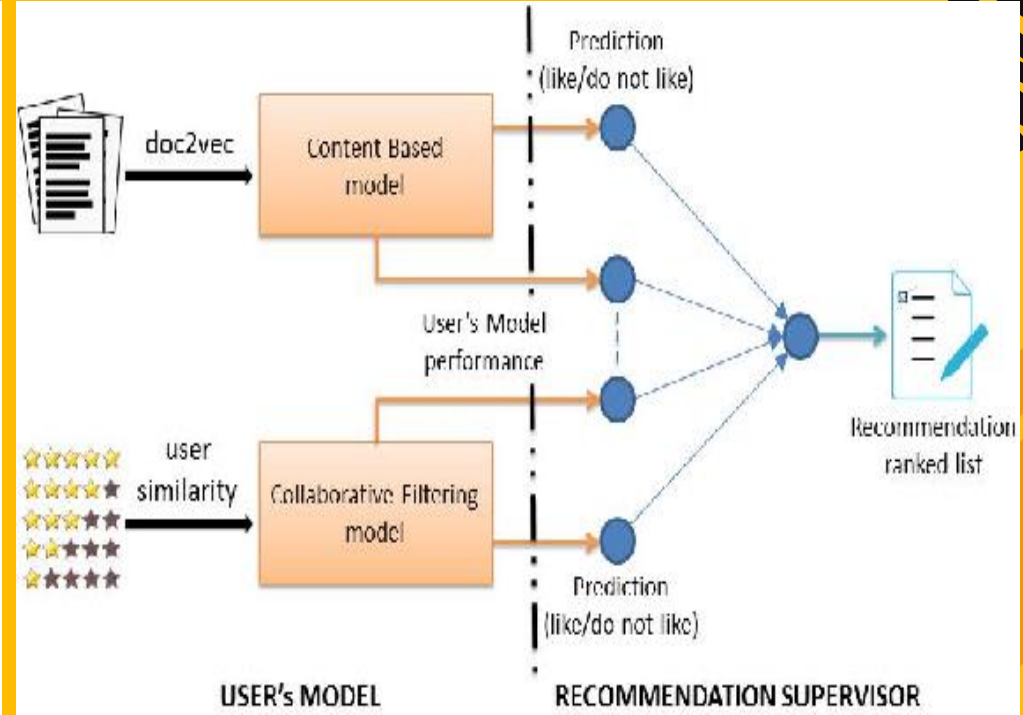

Recommendation System -Types

CONTENT-BASED FILTERING

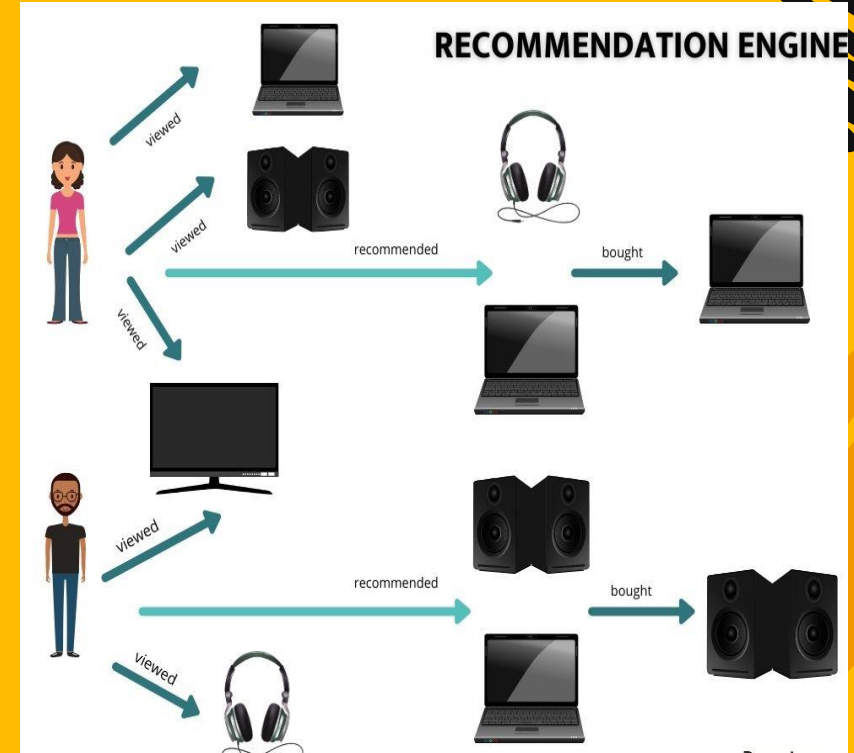

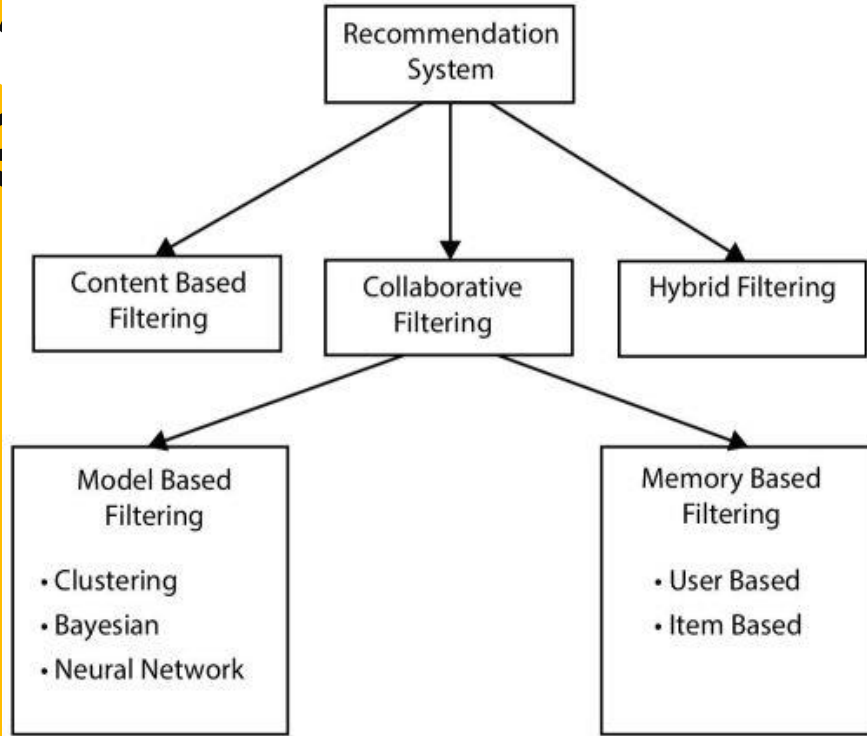

COLLABORATIVE FILTERING

Recommendation System

Content-based vs Collaborative Filtering

Content-Based

- Use items metadata / tags
- Suggest items similar to what user liked in the past

Recommended

MORE LIKE
Billie Eilish

American Teen
Khalid

Reflection
Fifth Harmony

Lo Vas A Olvidar
Rosalia

Collaborative Filtering

- Use all feedbacks from all users
- Similar users like similar items

Recommended

Recommendation System -Architecture

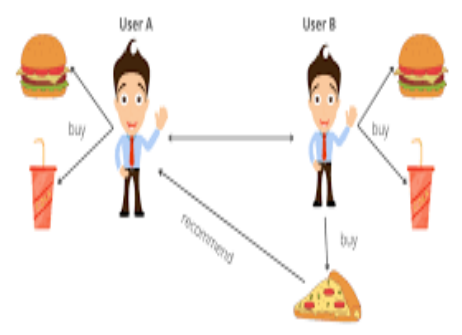

Example

Content-Based Recommendation System

Collaborative Recommendation System

Rating Matrix (N x M)

	5	3	5
	4	2	1
	0	3	3

User Feature Matrix (F x N)

f_1	1	-4	1
f_2	-2	0	-3
f_3	0	-5	1

Movie Feature Matrix (F x M)

f_1	-1	0	-2
f_2	4	-4	1
f_3	0	2	2

Knowledge Check

Which technique in recommendation systems is based on the idea of identifying users with similar preferences and recommending items that one user's similar users have liked?

- X a) Content-based filtering
- b) Collaborative filtering
- c) Hybrid filtering
- d) Association rule mining

X **Answer: b) Collaborative filtering**

Summary

- Reason to study Recommendation System
- Recommendation System & type
 - Collaborative vs Content based
 - Architecture
 - Example
