

Name:

Date:

Steam nozzle and turbines

Across

1. What is the effect of friction
2. decreasing pressure and velocity

Down

1. increases velocity
2. flow in a nozzle is
3. speed of sound
4. work done in nozzle is
5. least section in a nozzle
6. converts heat energy into mechanical energy

Key

Across

1. isentropic flow
2. compounding

Down

1. nozzle
2. isentropic
3. machno
4. zero
5. throat
6. turbine
