PARAGRAPH WRITING

A paragraph is a piece of writing that consists of several sentences. A paragraph should always have complete, correct, and concise sentences. It should be easy to read and well organized.

1. Argumentative Paragraph

It is also called as **persuasive paragraph**. The point of argumentative essays is to convince the reader of a particular point of view. Argumentative essays don't have to be aggressive. An argumentative essay uses fact-based evidence to prove that the point of view is true. You can either be **favor** or **against** the given information.

TIPS TO WRITE ARGUMENTATIVE PARAGRAPH:

- ✓ Give a suitable **title**
- ✓ Introduce the main idea first
- ✓ **Support the idea** by your points in following paragraph
- ✓ Provide supporting points and information to **prove your idea**
- ✓ End the paragraph by **restating** the main point and highlight why your point of view is correct.

Example:

Artificial Intelligence in all the field can lead to human unemployment. Do you agree or disagree. Write an argumentative paragraph about 250 words and give a suitable title.

Title: Impact of AI in employment opportunity

AI is created to assist the humans in all the field. The use of AI is increasing worldwide. The increase of AI in all the field, undeniably has the potential to disturb the traditional employment pattern. As AI technologies continue to advance, it is capable of automating tasks and able to do work, more speeder than human. This may definitely results in leaving millions of workers without employment opportunities.

Many industries were using machines instead of Labours, here already machines replaced humans and performing its work. This situation takes place almost in all the field. Now the advanced level, AI started to rule this Industry. If AI is started to use in all the field, definitely it will result in the decrease in Human's employment opportunity
